87th Street to Have Car Line

Representatives of the 87th St. Development Association have planned to ask the council's local transportation committee to provide for the building of a surface line along 87th St., between S. Ashland and Cottage Grove Aves., during the earliest construction period named in the ordinance

An ordinance was passed providing for this street car line over a year ago Consent has been got from 65 or 70 per cent of the frontage, which is considerably more than necessary.

Rev. D. J. Crimmins, Pastor of St. Leo's, Dead

Auburn Park Boy Killed at the Front

Private Melvin A. Barr, 26 years old, died July 4th of wounds received in action the previous day. He has been in Col. Sanborn's regiment since last May, when he enlisted His mother, Mrs. Rosa Barr, now lives at 622 W. 79th St.

Auburn Park Women "Called to the Colors"

Once again a drive by the ladies for the sale of aWr Savings Stamps is to take place. The week beginning Thursday, Aug. 15th, to Thursday, Aug. 22nd, has been designated as "Pershing Week," in honor of our great American general, who, at the head of our variorous and victorious troops, is also making a drive, a drive through war to peace. This quiet, unobtrusive, but positive man, like his illustrious predecessor, General Grant, has taken a firm hold of the hearts of his countrymen and countrywomen, and the work done next week will be good work and lasting work and patriotic work.

Booths will be located at the old place, 79th and Halsted Sts., and in front of the Cosmopolitan Theatre, and at the door of the Mutual National Bank. In addition to the selling of War Stamps at these booths, the ladies are going to make a house-to-house canvas of the entire district of Auburn Park in order to bring the extreme importance of buying these stamps to the attention of every man, woman and child among us.

As before, that is as on the last drive, written pledges to buy stamps will be asked when the purchaser desires time.

The State War Savings Stamp Committee has selected Mrs. A. E Bantz, the president of the Auburn Park Woman's Club, as general director of the sales. Mrs. Bantz has accordingly asked this paper to publish the fact that she needs AT ONCE seventy-five Auburn Park women to take up the work of selling at the several booths and of canvassing the district. Please call her up upon reading this. She resides at 7629 Emerald Ave., and her phone number is Stewart 7791.

Superintendent Herriott of the Auburn Park postoffice (738 W. 79th St.) will be glad to furnish information concerning the drive, which is primarily under postoffice auspices.

A "Pershing" badge and window poster with portraits of the general will be given to every purchaser of stamps. An enrollment blank of "Pershing" patriots is also to be signed by purchasers. This roll is to be sent to General Pershing in France.

Miss Anna D. Tighe of 7511 S. Green St. lost her purse with $60 in it last Saturday afternoon in a downtown department store.

Mrs. Emily Jung of 1241 72nd St. died suddenly last week, at her home. The funeral was held Saturday afternoon, burial in Evergreen.

Mrs. A. Koester of 73rd St. entertained eight lady friends with a coffee party last Thursday.

Nurses Receive Training and Expenses Free

That so many hundreds of young women workers in stores, offices and factories have enlisted as volunteers in the United States Student Nurse Reserve to take training to become nurses is a splendid answer to the question asked repeatedly, "How can I give up my present employment to become a nurse? I long to serve the Government, but I must earn my living."

A woman IS earning her own living from the moment she enters the nurses' training school. An allowance of from four to twelve dollars a month is provided by some training schools to pay for text books, uniforms and school expenses. The student nurse gets her board, lodging, laundry, medical attendance and tuition free at practically every training school. And this great thing is true—that from the moment she enters the school, she is actively helping to serve the Government. Her duties begin.

The income of a nurse after her graduation is brom $100 to $300 a month. Recruits are assured that even should the war end soon, or within the next three years, there will still be need of every available nurse, as the supply has never in peace times been adequate to the demand for nurses, and in the future, more than ever, trained nurses will be needed for convalescent and crippled patients and for reconstruction work.

Applicants may ask all the questions they want at the recruiting station for nurses which is in their locality, and the people in charge there will be able to answer them. The recruiting stations are conducted by the Woman's Committee of the Council of National Defense.

Mrs. Jos. A. Rumert, 7623 S. Carpenter St., is seriously ill at the Presbyterian Hospital, where she is under the care of Dr. B. W. Sippy. Her many friends in Englewood and West Auburn wish her a speedy recovery.

The United States Government has paid $100,000 for the property from W. 74th St. to 75th St., also Ashland Ave and S. Robey St. A one-story brick storage building is being erected there. R. H. Tolwell is the engineer and Thompson Starrett Co. masons.

Take your cleaning, pressing or repairing to Gus Bovik's Tailor Shop, 7822 Halsted St, for best results.

"Maid of The Storm"

Bessie Barriscale as a waif cast up by the sea and known only by the name of the life preserver which held her head above the waves—Ariel—has a role which suits her blonde beauty to the proverbial T Wild and untamed but with something about her which bespoke her gentle birth the girl grew up on the shores of the little island under the indifferent care of sour old Andy MacTavish and his mouse like wife And then one day out of the sky dropped a huge bird like machine with a man pinioned in its wings Ariel found him on the beach and took him to the cottage to get well and strong again Of course she fell in love with him and of course when he left her without a word of love she followed him to the great city of London—and—it's a corking story

Workingmen of America

---what did we promise Our Boys in France?

JUST THIS: That every minute of the day, every time they went into a trench, every time they went over the top, in a night patrol, every time they swept forward to smash a German trench, every time they risked themselves for the sale of Liberty and America — that we'd be back of them to the last ditch, giving for them, working for them, fighting for them in our factories to give them all the "tools" they need to lick the Kaiser.

There is only one way to make good on that promise—and that is for every last one of us, whether he runs a lathe or runs a 10,000-man plant, to put in every minute of his working day where it does the most good. Every working minute lost or wasted means less help for our men across the sea.

And there are not just minutes, but whole days lost every time a man changes his job. A man has to be found to replace him. He loses time in moving. He takes time to catch on to the ways in the new plant.

When a manufacturer needs more men, it is his duty to the country as a whole not to disturb plants that are engaged in essential war work, but to get the Government's help in finding men who can be taken from less important work. This can be done through the national labor clearing house that the Government has established with 500 branch offices and 20,000 agents of its recruiting division, the United States Public Service Reserve. There is no charge—and the Service is now placing 250,000 skilled and unskilled men monthly.

Let's keep ALL the essential war work going at top speed. Tell your labor needs to the local Examiner-in-Charge, local agent of the U. S. Public Service Reserve or to the Director General at Washington.

"INDUSTRY plays as essential and honorable role in this great struggle as do our military armaments. . . . Therefore, I solemnly urge all employers engaged in war work to refrain after August 1st, 1918, from recruiting unskilled labor in any manner except through this central agency (U. S. Employment Service)

"I urge labor to respond as loyally as heretofore to any calls issued by this agency for voluntary enlistment in essential industry. And I ask them both alike to remember that no sacrifice will have been in vain, if we are able to prove beyond all question that the highest and best form of efficiency is the spontaneous co-operation of a free people."

HOW TO WIN THE WAR

THE way to win the war is for every one of us to WORK a little harder at our present jobs. This applies to all of us, whether rich or poor, men or women.

Every idle hour helps the Kaiser in his damnable attempt to enslave the world. Wherever we are, or whatever we are doing, let us do our work a little better.

Even if we are not on war work, or helping the Government directly, we can help release others for such work by speeding up on our own jobs.
